New: Lightronics Wireless Lighting Control Solutions Brochure

Are you looking for Wireless DMX Lighting Control Solutions? Lightronics now has a Wireless Lighting Control Solutions brochure filled with Wireless DMX Lighting Control products. They offer two control consoles, the TL-5024-WD with 192 scenes and the TL-2448-WD with 1200 scenes. Several dimmer series are included; portable dimmers – the NEW XC Series, dimmer bars – the DB Series and the AR Series - architectural dimmers. If you're looking for an "all in one" package, they also offer a wireless dmx Lighting in a Box system. To round out this great assortment of wireless lighting control products, also included are stand alone boxes which will make any existing dmx system you have - WIRELESS. Specifications are as follows: Wireless DMX Reliability, 16 Universes of 512 DMX Channels, Real-Time FHSS TDMA Communication, 83 Channel Hopping 2.45GHz Band, 1400 Feet Inside Range, 4000 Feet Outside Range (through structures). All of Lightronics products are covered by a 5 year warranty.
