

Lightronics Has Your Solution!

"I want to add dramatic lighting to our service."

Solution: Lightronics offers a full line of incandescent and LED lighting fixtures for every need and budget.

"I want to turn on my lights at every doorway in our sanctuary."

Solution: Lightronics' SR516 architectural controller provides multiple station control from any entranceway.

"I want to save on energy use and maintenance costs in our church."

Solution: Lightronics' AB series ballast drivers control the latest high efficiency LED houselights and stage fixtures.
